DEFENSE
REVIEW

List of Contents for 1986

No. 1

7 Editorial: Lure of the emerging markets *(Gowri S. Sundaram)*
13 International defense digest
13 SACEUR criticises Dutch renunciation of nuclear tasks *(Bob Furlong and Macha Levinson)*
14 Soviets discuss regional conflicts in Geneva *(Bob Furlong)*
16 Talks on reducing US military presence in Spain *(René Luria)*
21 Catching NATO unawares – Soviet Army surprise and deception techniques *(C.J. Dick)*
31 **Naval combat system integration**
31 Combat system integration in the US Navy *(Thomas E. Burt)*
41 Naval combat system integration – the French experience *(Colin de Verdière)*
49 **Trends in automatic cannon design**
49 US emphasis on external power *(Bill Sweetman)*
53 Armour and EFA in German sights *(Mark Hewish)*
59 UK's return to Aden *(Mark Hewish)*
63 GIAT updates and adapts to new needs *(Gérard Turbé)*
67 Oerlikon's cannon of all trades *(Roger Frost)*
73 IDR tests the Stingray – a light tank for export and the US Army *(Chris Jenkins)*
81 Helicopter air-to-air combat – the US Army faces the inevitable *(Charles Gilson)*
84 How the hardware is progressing *(Ramon Lopez)*
88 German Air Force to buy Tornado ECR *(Peter Pletschacher)*
93 Doppler radar with a magnetron *(Dan Boyle)*
97 New 155mm howitzer from Santa Bárbara *(Fermín Gallego Serra)*
101 A new Austrian workhorse – the Pinzgauer Turbo D *(Gérard Turbé)*
103 Defense industry news
106 Panzer 87 Leopard – a photo report *(Wolfgang Schneider)*
108 Major defense contracts
111 Naval construction news
114 Research and technology
114 Submarine location by STRAP
116 Weapon systems and equipment
118 SARA/Mirage F1CR – a fast air reconnaissance combination *(Robert Salvy)*
120 Books received
121 Exhibition calendar

No. 2

133 Editorial: Prejudice or common sense on transatlantic co-operation? *(Gowri S. Sundaram)*
141 International defense digest
143 New SSBN class variant – Delta IV
144 UK considers HVM procurement
149 Interview: SACEUR calls for research on a European ABM system *(Bob Furlong and Macha Levinson)*
157 Soviet psychological warfare *(Hans Kahler)*
167 **New sensors and processing boost short-range air defense** *(Mark Hewish)*
183 **New technology for the military helicopter** *(Bill Sweetman, Germain Chambost and Peter Pletschacher)*
193 Defending the Republic of Korea – armed forces and industry forge ahead *(Mike Howarth)*
201 Electronics for Korea
211 Tactical use of the LAV-25 by the US Marine Corps *(Capt Edwin W. Besch)*
221 The Italian Navy's Giuseppe Garibaldi – an aircraft carrier waiting for its aircraft *(R.J.L. Dicker)*
227 Defense industry news
232 Major defense contracts
234 Naval construction news
237 Research and technology
239 Weapon systems and equipment
245 Books received
247 Exhibition calendar

No. 3

259 Editorial: Star Wars... and peace on earth? *(Gowri S. Sundaram)*
265 International defense digest
266 US FY87 defense budget request
271 Military reverses for Angolan Government – first details emerge
275 Controversy: The treaty of peace and friendship between Argentina and Chile *(Juan Carlos Murguizur and Daniel Prieto Vial)*
281 Changing the Soviet system of control – focus on theatre warfare *(John G. Hines and Phillip A. Petersen)*
293 **Mine warfare now – and in the 1990s** *(R.J.L. Dicker)*
294 An explosion in the market?
300 The Australian Navy's Catamaran minehunter *(Thomas-Durell Young)*
302 Denmark's Stanflex 300 program *(Christopher Dawson)*
305 Single-Role Minehunter for the Royal Navy *(Christopher Dawson)*
306 German mine warfare programs *(R.J.L. Dicker)*
313 **Communications security – built in from the beginning** *(Dan Boyle)*
317 Communications security at AFCEA West *(Paul Turk)*
321 Multi-level security in practice *(Geoffrey Shore)*
327 Milipol 85 show report *(Roger Frost and Gérard Turbé)*
335 Asian Aerospace '86 – a partial success *(Robert Salvy)*
343 Warhead effects on airborne targets *(Manfred Held)*
351 Lead armour – the "soft option" to defeat the hollow-charge warhead *(A.T. Lawton)*

355 Borletti fuze update *(Roger Frost)*
357 Short-wave digital transmission *(Ralf Esprester)*
361 Electro-magnetic guns for tanks? *(R.M. Ogorkiewicz)*
365 The RBS56 BILL — top-attack anti-tank missile demonstrated in live firings *(Mark Hewish)*
369 Defense industry news
373 Major defense contracts
375 Naval construction news
378 Research and technology
378 Measuring radar reflectivity using scale models
380 Weapon systems and equipment
383 Books received
385 Exhibition calendar

No. 4

397 Editorial: De facto de-regulation of the arms trade *(Gowri S. Sundaram)*
405 International defense digest
406 Soviet armed forces' ethnic problems *(Peter Weiss)*
408 Reorganisation of the Finnish defense forces *(Tomas Ries)*
413 Beijing defense show draws top Chinese commanders *(Bob Furlong)*
419 RVGK – the Soviet supreme commander's strategic reserves *(Viktor Suvorov)*
431 **India's defense posture – IDR gets the view from the top** *(Gowrishankar Sundaram and Mike Howarth)*
435 India – indigenous programs flourish amid defense modernization
449 **The frigate and corvette export market – still in the doldrums** *(H.J.L. Dicker)*
461 Luigi Franchi's special-purpose shotguns – smoothbore weapons for military and police use *(Roger Frost)*
469 Firing the M249 Squad Automatic Weapon *(Andrew C. Tillman)*
477 The FARA 83 – Argentina's 5.56mm assault rifle *(Juan Carlos Murguizur)*
481 The Belgian defense industry – an overview *(Gérard Turbé)*
491 Defence 86 show report *(Roger Frost and Mark Hewish)*
505 Defense industry news
510 Major defense contracts
513 Naval construction news
516 Research and technology
516 New prospects for the rotary engine
519 Weapon systems and equipment
530 Exhibition calendar
531 Books received

IDR editorial supplement: "Wheeled Tactical and Utility Vehicles"

No. 5

543 Editorial: Making the most of SDI *(Gowri S. Sundaram)*
549 International defense digest
563 Is NATO thinking too small? A comparison of command structures *(John G. Hines and Phillip A. Petersen)*
579 **Australia – new security perspectives and policies** *(Tim Griggs)*
583 Australia's defense priorities and programs *(Thomas-Durell Young)*
591 New Zealand's defense arrangements – an uncertain period ahead *(Thomas-Durell Young)*
599 **Air-to-surface weapons – new technologies for precision guidance and stand-off delivery** *(Mark Hewish, Bill Sweetman and Gérard Turbé)*
621 **Battlefield medical facilities – preoccupations and provisions** *(John Hannon)*
615 Data at the front line *(Dan Boyle)*
633 ISC promoting export systems *(Ramon Lopez)*
637 Testing period for a troubled pod – status report on the AN/ALQ-131
643 German military helicopter programs *(Peter Pletschacher)*
649 The Melara Club and Welse – Italian industrial consortia looking for markets *(R.J.L. Dicker)*
655 Italy's mine makers *(Roger Frost)*
665 General Electric's new Centre for Advanced Airmanship *(Barrett Tillman)*
669 The US MIMIC program – a complement to UHSIC in smart weapons *(John Rhea)*
673 The P11-C³I exhibition – a promising start *(Juan J. Castelló)*
679 Defense industry news
682 Major defense contracts
684 Naval construction news
688 Research and technology
688 Liquid propellant charges for gun ammunition
690 Weapon systems and equipment
696 Exhibition calendar

IDR editorial supplement: "Diesel-Electric Submarines and their equipment"

No. 6

709 Editorial: Where were the satellites? *(Macha Levinson)*
717 International defense digest
723 Swiss procurement plans *(Brigitte Sauerwein)*
731 Chemical deterrence – will it work? *(Macha Levinson)*
747 **Tactical airlift – techniques and aircraft** *(Robert Salvy)*
765 **Tank fire-control systems** *(Mark Hewish, Gérard Turbé and Paul Turk)*
785 Canadair's surveillance programs get off the ground *(Mark Hewish)*
795 Hornets go to sea – a photo report *(Brian Service)*
803 The 1986 US Navy League Show
815 The Super M48 *(Wolfgang Schneider)*
825 The Steyr Pandur – a promising new wheeled armoured vehicle *(R.M. Ogorkiewicz)*
833 Test firing the 40mm Mk19 Model 3 heavy machine gun *(Andrew C. Tillman)*
839 MEWSS under development – the USMC's new tactical EW system *(Ramon Lopez)*
844 Singapore's new weapon developments *(Mike Howarth)*
847 R&D developing in Spain *(Jaime Pérez-Guerra)*
851 Defense industry news
856 Major defense contracts
859 Weapon systems and equipment
865 Interview: Matra missiles for the 90s *(Bob Furlong)*
868 Books received
868 Letters to the editor

No. 7

883 Editorial: And now – conventional forces *(Macha Levinson)*
885 International defense digest
891 Israel's Lavi – a technological target *(Germain Chambost)*
897 Controversy: NATO's defense – conventional options beyond FOFA *(Lt Col Norbert Hannig)*
901 NATO's defense – FOFA but still nuclear *(Karl-Heinz Kamp)*
907 The Middle East military balance – Israel versus the rest *(Kenneth S. Brower)*

917 **Internal security**
917 Stress in firearms training *(Michael Yardley and David Newman)*
921 New-generation small-arms ammunition *(David Newman and Michael Yardley)*
927 Internal security equipment survey
937 **Battlefield logistics** *(John Hannon)*
938 Convoy measures *(Christopher Dawson)*
941 Future battlefield logistics vehicles
942 French logistics – the chain principle *(Gérard Turbé)*
945 Replenishment within British Army battlegroups *(Maj J.C. Larminie)*
946 UK logistics update *(Mark Hewish)*
948 Soviet logistics flexibility *(C.N. Donnelly and M.J. Orr)*
949 Fuelling the blitzkrieg *(R. Tasha Wallis and I.C. Oelrich)*
953 Electronic warfare round-up
957 INS Ganga – a high-water mark in Indian shipbuilding *(H.P. Mama)*
961 Survivability and the modular frigate – new developments from Blohm & Voss *(R.J.L. Dicker)*
965 Laser threat warning – a growing need on the modern battlefield *(Dr. C.I. Coleman)*
971 AFCEA 86 – overgrowth could damage a good show *(Dan Boyle, John Rhea, Gowri Sundaram)*
981 A new approach to procurement at the Spanish Ministry of Defense *(Eduardo Serra)*
982 The Spanish defense exhibition COSMO 86 *(Juan J. Castelló)*
989 Defense industry news
992 Contraves moves towards co-operative ventures
993 Major defense contracts
995 Naval construction news
999 Research and technology
999 Sound propagation under water
1000 Weapon systems and equipment
1007 Exhibition calendar

No. 8

1021 Editorial: Can Europe get its act together? *(Gowri S. Sundaram)*
1023 International defense digest
1024 MiG-29 comes West
1034 Interview: EFA and beyond – BAe's military prospects
1047 Soviet strategists target Denmark *(Christopher N. Donnelly and Phillip A. Petersen)*
1055 **Air warfare in the 1990s** *(Bill Sweetman)*
1085 **Land mines – cheap and effective area denial** *(Mark Hewish, Ramon Lopez, Gérard Turbé and Roger Frost)*
1067 German Air Force aircraft update programs *(Peter Pletschacher)*
1071 RDI pulse-Doppler radar – French Air Force receives first deliveries *(Robert Salvy)*
1075 Small ICBM is getting bigger *(Macha Levinson)*
1097 Submachine gun or shotgun? A decision for police special units *(Chris McLoughlin)*
1107 The Smith & Wesson Model 645 – a handgun of calibre *(Roger Frost)*
1111 Recent developments in the Chilean defense industry *(Daniel Prieto Vial)*
1119 The 1986 Hanover air show *(Robert Salvy and Brigitte Sauerwein)*
1133 The 1986 Italian naval exhibition *(R.J.L. Dicker)*
1147 Siemens – pushing German technology ahead *(Dan Boyle)*
1153 Defense industry news
1163 Major defense contracts
1167 Naval construction news
1171 Research and technology
1171 DYNASUB – ship design from Sweden
1173 Weapon systems and equipment
1181 Books received
1181 Letters to the editor
1183 Exhibition calendar

IDR editorial supplement: "Tracked and Wheeled Light Armoured Vehicles"

No. 9

1199 Editorial: At last, the final Final Offensive? *(Gowri S. Sundaram)*
1201 International defense digest
1207 Indonesia Air Show 86 *(Mike Howarth)*
1217 Interview: IDR talks to General Wolfgang Altenburg, Chief of Staff of the Bundeswehr *(Brigitte Sauerwein and Erich Loris)*
1225 SDI and the conventional defense of Europe *(Gen Franz-Joseph Schulze)*
1233 NATO should pay attention to Greece *(Lt Gen S. Politis)*
1241 **Is AEW getting more affordable?** *(Dan Boyle)*
1259 **Special applications for artillery – Sweden promotes coastal defense** *(Mark Hewish)*
1269 **Precision-guided munitions – semi-active laser versus millimetre-wave guidance** *(Joseph C. Antoniotti)*
1249 Pave Pillar *(Dan Boyle)*
1283 Automated unmanned and robotic tanks *(R.M. Ogorkiewicz)*
1297 New armour and artillery dominate BAEE *(Mark Hewish)*
1309 Bigger bangs for Bofors guns *(Roger Frost)*
1321 Electronic warfare and the US Army *(Gowri S. Sundaram)*
1331 FMC launches the EFVS – taking EW to the combat zone *(Ramon Lopez)*
1335 ARBB 33 radar jammer *(Gérard Turbé)*
1341 Warship 86 – amphibious assault and related matters *(Christopher Dawson)*
1347 Spain's defense electronics industry – closing the gap *(Vicente Blay Biosca)*
1352 The creation of a large Spanish defense electronics group *(Fermín Gallego Serra)*
1359 Military computing – movement in the market
1367 Defense industry news
1372 Major defense contracts
1379 Weapon systems and equipment
1385 Books received
1387 Exhibition calendar

No. 10

1401 Editorial: Countering terrorism – the long, hard road ahead *(Gowri S. Sundaram)*
1403 International defense digest
1407 Farnborough International 86 – a super-abundance of military equipment
1431 Soviet strategy – the naval dimension *(C.G. Jacobsen)*
1445 **Command, control, communications and intelligence**
1445 BICES – a Central Region perspective *(Brigadier A.L. Meier OBE)*
1459 HEROS and Wavell – battlefield ADP enters a new era *(Rupert Pengelley)*
1473 Norwegian Army information systems for the 1990s *(Mark Hewish)*
1475 Canada plans new army C³ for the 1990s *(Mark Hewish)*
1477 **Changing requirements of Third World navies** *(Christopher Dawson)*
1495 Uprating the M1 tank *(Wolfgang Schneider)*
1507 UNI Diesel's marine engines – propulsion and onboard electrical power *(Gérard Turbé)*
1513 Dagaie Mk2 – a multi-purpose decoy launcher *(Roger Beulier)*
1521 The M60E3 general purpose machine gun *(Andrew C. Tillman)*
1531 Small-arms round-up *(Roger Frost, H.P. Mama and Chris McLoughlin)*
1542 British Army Equipment Exhibition – Part II *(Roger Frost and Mark Hewish)*
1557 More news from Indonesia Air Show 86 *(H.P. Mama)*
1563 Defense industry news
1566 Pepping up Irish Panhards *(Denis J. McCarthy)*
1568 Major defense contracts
1570 Naval construction news

1573 Books received
1575 Exhibition calendar

No. 11

1585 Editorial: Next a Sino-Soviet summit? *(Bob Furlong)*
1597 International defense digest
1607 Soviets plan countermeasures to FOFA *(Sally Stoecker)*
1611 Custom-made biological weapons *(Macha Levinson)*
1621 **MACE – a multi-national approach to countering terrorism** *(Michael Yardley)*
1631 **Advanced composites for military uses** *(Bill Sweetman, Chris Dawson, Roger Frost and Rupert Pengelley)*
1641 ARCS and Falconer – two new radar/C³ systems for air-defense weapons *(Mark Hewish)*
1649 Deep-vee hulls – improved seakeeping for small, fast warships *(Capt James W. Kehoe, Kenneth S. Brower and Erbil H. Serter)*
1664 Electronic warfare round-up
1659 Milcomp 86
1673 Defense industry news
1679 Major defense contracts
1683 Research and technology
1683 High technology in Germany – Technologie Zentrum Nord takes up the challenge
1687 Weapon systems and equipment
1693 Books received
1694 Exhibition calendar
1699 **Military communications**
1699 Developments in long-range patrol communications *(Rupert Pengelley)*
1711 Project Raven – Australian military communications step forward
1715 Thomson-CSF keeps an eye on the future *(Rupert Pengelley)*

No. 12

1729 Editorial: Beating the defense exhibition boom *(Klaus Regelin)*
1737 International defense digest
1751 Soviet ambitions in the Far East *(Peter Weiss)*
1765 **Airborne surveillance of the EEZ** *(Robert Salvy)*
1781 Defendory International – big... and still growing
1782 Prospects for the Greek defense industry *(Lt Gen S. Politis)*
1805 AUSA '86 – anti-armour, air-defense and small-arms developments dominate a good show
1759 German Army procurement programs for the 1990s *(Wolfgang Schneider)*
1776 Indian Coast Guard expansion plans *(H.P. Mama)*
1823 Putting steel on the target – US tank fire control *(Rupert Pengelley)*
1833 Opher – Israel's new IR bomb guidance system
1839 US Marine Corps modernization continues *(Ramon L. Lopez and Andrew C. Tillman)*
1847 Israeli combat bridging systems *(Bob Furlong)*
1853 FN gets the kick out of rifle grenades *(Roger Frost)*
1859 Defense industry news
1865 Major defense contracts
1868 Naval construction news
1873 Weapon systems and equipment
1878 Books received
1879 Exhibition calendar
1881 List of contents for 1986

IDR editorial supplement: "South East Asia"

Authors

Antoniotti, Joseph C.
Precision-guided munitions – semi-active laser versus millimetre-wave guidance 9/1269

Besch, Capt Edwin W.
Tactical use of the LAU-25 by the US Marine Corps 2/211

Beulier, Roger
Dagaie Mk2 – a multi-purpose decoy launcher 10/1513

Blay Diosca, Vicente
Spain's defense electronics industry – closing the gap 9/1347

Boyle, Dan
Doppler radar with a magnetron 1/93
Communications security – built in from the beginning 3/313
Data at the front line 5/615
AFCEA 86 – overgrowth could damage a good show 7/971
Siemens – pushing German technology ahead 8/1147
Is AEW getting more affordable? 9/1241
Pave Pillar 9/1249

Brower, Kenneth S.
The Middle East military balance – Israel versus the rest 7/907
Deep-vee hulls – improved seakeeping for small, fast warships 11/1649

Burt, Thomas E.
Combat system integration in the US Navy 1/31

Castelló, Juan J.
The P11-C³I exhibition – a promising start 5/673
The Spanish defense exhibition COSMO 86 7/982

Chambost, Germain
New technology for the military helicopter 2/183
Israel's Lavi – a technological target 7/891

Coleman, Dr. C.I.
Laser threat warning – a growing need on the modern battlefield 7/965

Dawson, Christopher
Denmark's Stanflex 300 program 3/302
Single-Role Minehunter for the Royal Navy 3/305
Battlefield logistics: Convoy measures 7/938
Warship 86 – amphibious assault and related matters 9/1341
Changing requirements of Third World navies 10/1477
Advanced composites for military uses 11/1631

de Verdière, Colin
Naval combat system integration – the French experience 1/41

Dick, C.J.
Catching NATO unawares – Soviet Army surprise and deception techniques 1/21

Dicker, R.J.L.
The Italian Navy's Giuseppe Garibaldi – an aircraft carrier waiting for its aircraft 2/221

Mine warfare now – and in the 1990s 3/293
German mine warfare programs 3/306
The frigate and corvette export market – still in the doldrums 4/449
The Melara Club and Welse – Italian industrial consortia looking for markets 5/649
Survivability and the modular frigate– new developments from Blohm & Voss 7/961
The 1986 Italian naval exhibition 8/1133

Donnelly, C.N.
Battlefield logistics: Soviet logistics flexibility 7/948
Soviet strategists target Denmark 8/1047

Esprester, Ralf
Short-wave digital transmission 3/357

Frost, Roger
Oerlikon's cannon of all trades 1/67
Milipol 85 show report 3/327
Borletti fuze update 3/355
Luigi Franchi's special-purpose shotguns – smoothbore weapons for military and police use 4/461
Defence 86 show report 4/491
Italy's mine makers 5/655
Land mines – cheap and effective area denial 8/1085
The Smith & Wesson Model 645 – a handgun of calibre 8/1107
Bigger bangs for Bofors guns 9/1309
Small-arms round-up 10/1531
British Army Equipment Exhibition – Part II 10/1542
Advanced composites for military uses 11/1631
FN gets the kick out of rifle grenades 12/1853

Furlong, Bob
SACEUR criticises Dutch renunciation of nuclear tasks 1/13
Soviets discuss regional conflicts in Geneva 1/14
SACEUR calls for research on a European ABM system 2/149
Beijing defense show draws top Chinese commanders 4/413
Matra missiles for the 90s 6/865
Next a Sino-Soviet summit? 11/1585
Israeli combat bridging systems 12/1847

Gallego Serra, Fermín
New 155mm howitzer from Santa Bárbara 1/97
The creation of a large Spanish defense electronics group 9/1352

Gilson, Charles
Helicopter air-to-air combat – the US Army faces the inevitable 1/81

Griggs, Tim
Australia – new security perspectives and policies 5/579

Hannig, Lt Col Norbert
NATO's defense – conventional options beyond FOFA 7/897

Hannon, John
Battlefield medical facilities – preoccupations and provisions 5/621
Battlefield logistics 7/937

Held, Manfred
Warhead effects on airborne targets 3/343

Hewish, Mark
Armour and EFA in German sights 1/53
UK's return to Aden 1/59
New sensors and processing boost short-range air defense 2/167
The RBS56 BILL – top-attack anti-tank missile demonstrated in live firings 3/365
Defence 86 show report 4/491
Air-to-surface weapons – new technologies for precision guidance and stand-off delivery 5/599
Tank fire-control systems 6/765
Canadair's surveillance programs get off the ground 6/785
Battlefield logistics: UK logistics update 7/946
Land mines – cheap and effective area denial 8/1085
Special applications for artillery – Sweden promotes coastal defense 9/1259
New armour and artillery dominate BAEE 9/1297
Norwegian Army information systems for the 1990s 10/1473
Canada plans new army C^3 for the 1990s 10/1475
British Army Equipment Exhibition – Part II 10/1542
ARCS and Falconer – two new radar/C^3 systems for air-defense weapons 11/1641

Hines, John G.
Changing the Soviet system of control – focus on theatre warfare 3/281
Is NATO thinking too small? A comparison of command structures 5/563

Howarth, Mike
Defending the Republic of Korea – armed forces and industry forge ahead 2/193
India's defense posture – IDR gets the view from the top 4/431
Singapore's new weapon developments 6/844
Indonesia Air Show 86 9/1207

Jacobsen, C.G.
Soviet strategy – the naval dimension 10/1431

Jenkins, Chris
IDR tests the Stingray – a light tank for export and the US Army 1/73

Kahler, Hans
Soviet psychological warfare 2/157

Kamp, Karl-Heinz
NATO's defense – FOFA but still nuclear 7/901

Kehoe, Capt James W.
Deep-vee hulls – improved seakeeping for small, fast warships 11/1649

Larminie, Maj J.C.
Replenishment within British Army battlegroups 7/945

Lawton, A.T.
Lead armour – the "soft option" to defeat the hollow-charge warhead 3/351

Levinson, Macha
SACEUR criticises Dutch renunciation of nuclear tasks 1/13
SACEUR calls for research on a European ABM system 2/149
Where were the satellites? 6/709
Chemical deterrence – will it work? 6/731
And now – conventional forces 7/883
Small ICBM is getting bigger 8/1075
Custom-made biological weapons 11/1611

Lopez, Ramon
Helicopter air-to-air combat – the US Army faces the inevitable: How the hardware is progressing 1/84
ISC promoting export systems 5/633
MEWSS under development – the USMC's new tactical EW system 6/839
Land mines – cheap and effective area denial 8/1085
FMC launches the EFVS – taking EW to the combat zone 9/1331
US Marine Corps modernization continues 12/1839

Loris, Erich
IDR talks to General Wolfgang Altenburg 9/1217

Luria, René
Talks on reducing US military presence in Spain 1/16

Mama, H.P.
INS Ganga – a high-water mark in Indian shipbuilding 7/957
Small-arms round-up 10/1531
More news from Indonesia Air Show 86 10/1557
Indian Coast Guard expansion plans 12/1776

McCarthy, Denis J.
Pepping up Irish Panhards 10/1566

McLoughlin, Chris
Submachine gun or shotgun? A decision for police special units 7/1097
Small-arms round-up 10/1531

Meier, Brigadier A.L.
BICES – a Central Region perspective 10/1445

Murguizur, Juan Carlos
The treaty of peace and friendship between Argentina and Chile 3/275
The FARA 83 – Argentina's 5.56mm assault rifle 4/477

Newman, David
Stress in firearms training 7/917
New-generation small-arms ammunition 7/921

Oelrich, I.C.
Battlefield logistics: Fuelling the blitzkrieg 7/949

Ogorkiewicz, R.M.
Electro-magnetic guns for tanks? 3/361
The Steyr Pandur – a promising new wheeled armoured vehicle 6/825
Automated unmanned and robotic tanks 9/1283

Orr, M.J.
Battlefield logistics: Soviet logistics flexibility 7/948

Pengelley, Rupert
HEROS and Wavell – battlefield ADP enters a new era 10/1459
Advanced composites for military uses 11/1631
Developments in long-range patrol communications 11/1699
Thomson-CSF keeps an eye on the future 11/1715
Putting steel on the target – US tank fire control 12/1823

Pérez-Guerra, Jaime
R&D developing in Spain 6/847

Petersen, Phillip A.
Changing the Soviet system of control – focus on theatre warfare 3/281
Is NATO thinking too small? A comparison of command structures 5/563
Soviet strategists target Denmark 8/1047

Pletschacher, Peter
German Air Force to buy Tornado ECR 1/88
New technology for the military helicopter 2/183
German military helicopter programs 5/643
German Air Force aircraft update programs 8/1067

Politis, Lt Gen S.
NATO should pay attention to Greece 9/1233
Prospects for the Greek defense industry 12/1782

Prieto Vial, Daniel
